

CONMEE VOLUNTEER FIRE DEPARTMENT

RR #1 KAKABEKA FALLS, ONTARIO

P0T 1W0

JULY 18, 1996

THE SNUFFER CORP.

TO WHOM IT MAY CONCERN:

CONMEE VOLUNTEER FIRE DEPARTMENT HAS HAD THE OPPORTUNITY ON TWO OCCASIONS TO WORK WITH THE SNUFFER ON DEMONSTRATIONS, THE LATEST WAS MAY OF 1996.

IT IS THE VIEW OF THE CONMEE FIRE DEPARTMENT THAT THE COMPRESSED AIR FOAM SYSTEM PROVIDES BOTH GREATER KNOCKDOWN CAPABILITIES AS WELL AS SUPPRESSION OVER A 625 GPM PUMPER. MORE OVER THE SYSTEM IS COLD WEATHER FRIENDLY AND EASIER ON THE FIRE FIGHTER AS FAR AS DRAGGING HOSE IS CONCERNED.

YOURS TRULY

A handwritten signature in black ink, appearing to read "Terry Baxter", written in a cursive style.

TERRY BAXTER
DEPUTY CHIEF
