

Eddystone, Man.

July 28, 1996

Dear Sirs:

We watched a demonstration of a Snuffer CAF unit on a farm house. We were so impressed we ordered a unit and mounted it on a 1 ¼ ton 4 x 4 truck.

After watching another demonstration we feel confident that this unit has fire fighting capabilities superior to a 650 gpm pumper. We also feel it is safer for our fire fighters.

Fire chief
Westlake Fire Dept.

A handwritten signature in cursive script that reads "Colin Mailman".
